

PROJECT REVIEW 2 REPORT

18th September 2018

Client: MS. Ellen Watson

PROGRESS AS AT 18TH SEPTEMBER 2018

on the 18th of September 2018, Ms. Ellen Watson was presented 2nd Prototype after designed it fully. The development of the final product is scheduled to begin by the 19th September 2018.

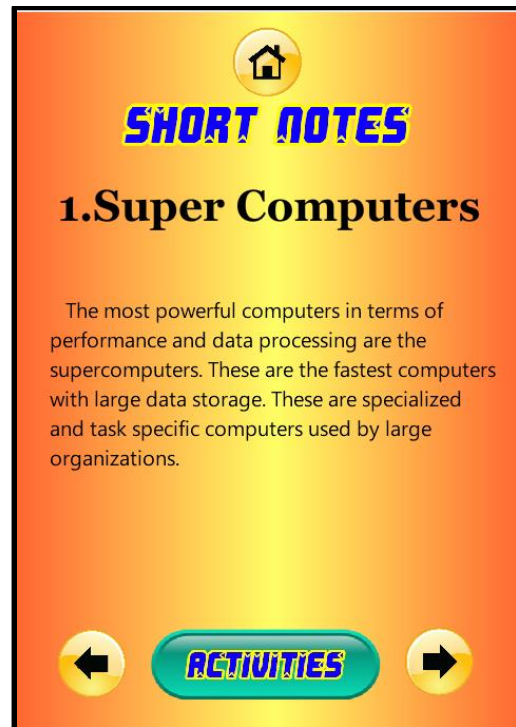

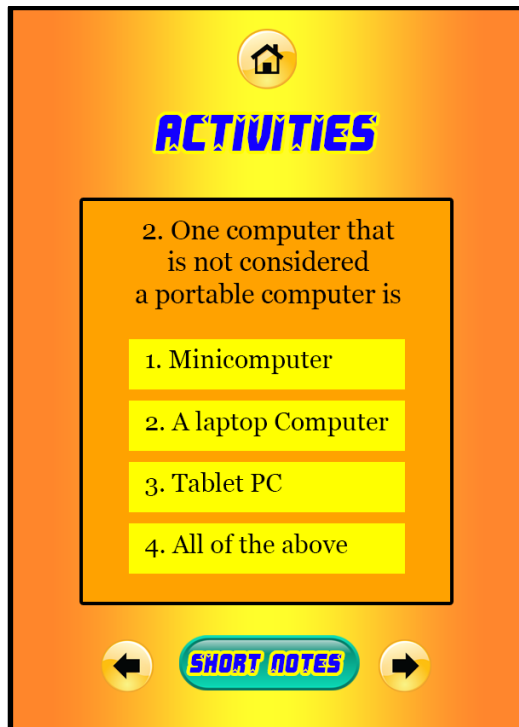

According to the timeframe and schedule it is essential the overall project to be completed by the 30th October 2018.

There were certain important changes were to be made based on the feedback from, from meeting No.6 prototyping 2, held on 16th October 2018.

- Background color changing
- Including more information's and other materials such as links.
- Changing the main button styles and removing the border from the cover page.
- Adding videos, picture and clip arts

With due consideration to the points listed above, the final product will be produced and presented at the next upcoming meeting.

EXISTING LAYOUT FORMAT AND STRUCTRE DESIGN

The above-shown screenshots are the cover page, short notes and question page, the home page of the second prototype. However, this prototype doesn't have any faults like technical.

The background colour is very bright and doesn't match with the buttons and multimedia components used. Thereby due to the request background colour will be changed and the cover page photo will also change.

The final product will be made by including many Short notes and questions alongside a lot of multimedia components rather than the above-shown prototype.
