### COMMENTS – HEAD OF SECTION

At the inception of this project I have been supervising and observing the work of the Mr. Sadeesha Jayaweera. He is a dedicated talented towards the success of this project. I appreciate his commitment and effort.

He has been able to finish the project within the limited timeframe given to him. It was nothing else other than his organization capacity. The meetings were conducted well ahead of time and project related work was discussed only during the meetings. As the project manager I must say that Mr. Sadeesha Jayaweera's punctuality and presence for every meeting show his enthusiasm and immense dedication towards the project.

He had a thorough knowledge of carrying out legal processes during the project. He was able to get signed all the necessary documents by Ms. Ellen Watson at the correct and most wanted time. As a whole all the duties entrusted to him were performed successfully as a project manager.

Mr. Steve Jhonson

Head of the A/L Section
