COMMENTS – PEER REVIEWER

When Comparing with the other project managers of his age Mr. Sadeesha Jayaweera is an extremely talented young individual. It is proven by him.

His skills and abilities have been very efficiently used with the different type of people and the team spirit has gradually allowed her to complete the project successfully before the due date.

In addition, I am truly satisfied to work as a peer reviewer with this project team. The experience I gain working with such a good project team, definitely will be very useful for my future.

Mr. Michel Faraday
